Inspiring potential. Enriching futures.

March 17, 2020

Dear Fleetwood,

Let me first say how grateful we all are for your patience and understanding through these very uncertain and scary times. The Fleetwood community always pulls together and collaboratively solves problems. So, thank you so much!

We know that your boys and girls are eager to begin their online education on our Google Classrooms. Our teachers have been collaboratively planning day and night to ensure the highest quality education. I have no doubt you'll be incredibly appreciative of their efforts.

The below schedules are general outlines of when content will be delivered so your boys and girls have structure to their days. While mornings will be designated instructional the afternoon hours will be time for you to check in with teachers. The first schedule is for kindergarten students while the below schedule is for 1st through 4th graders. Some of the activities may be modified at the teacher's discretion.

We are excited to embark on this 21st century online journey and have no doubt you'll join us. I will have ongoing conversations with teachers and yourselves so please feel free to reach out me via the below email.

	Monday	Tuesday	Wednesday	Thursday	Friday
	Day 1	Day 2	Day 3	Day 4	Day 5
